1-67

MEMORANDUM FOR: Director of Central Intelligence

THROUGH   :   Deputy Director of Central Intelligence

SUBJECT   :   Appointment of APEX [____] Control Officer

The attached, for your signature, designates Evan
Hineman as the CIA [____] Control Officer, tells him to
create the capacity to produce a [____] NID Annex, tells
him to whom such an Annex should be sent and under what
conditions that list can be modified. It is provided so
that authorizations may be recorded and to clearly
establish how the [____] NID Annex dissemination is
supposed to work. The list of [____] NID recipients is
almost the same as in Annex C to the November memorandum
from the DDCI to [_____] Subject: Handling Sensitive
Intelligence in the NID. The difference is that OLC has
specified Congressional recipients--four members. This
memorandum does not deal with the problems of who, if
anyone, in the Intelligence Community is to get copies
of the [____] NID items.

MEMORANDUM FOR: Mr. R. E. Hineman
                   Deputy Director, National Foreign Assessment Center

FROM   :   Director of Central Intelligence

SUBJECT   :   Appointment of APEX ☐ Control Officer   25X

1.   I appoint you the CIA Control Officer for the ☐ compart-   25X
ment of the new APEX Special Access Control System (RCO). The full
range of your responsibilities in this role are set out in the soon-
to-be published APEX Special Access Control System Manual.

X1   2.   As the APEX ☐ Control Officer for the CIA, I will also
expect you to take the lead in establishing and operating the ☐
compartment with the Intelligence Community and with those non-NFIB   25X
departments and agencies that will participate in the APEX Special
Access Control Program. I will look to you to assist me in making
sure that the materials approved for compartmentation protection under
X1   the ☐ caveat are securely handled.

3.   As you know, the President has directed that a ☐ National   25X
Intelligence Daily Annex be created to handle subjects of great
sensitivity. Messrs. Aaron, Carlucci, Komer and Newsom were directed
by the President to determine in concert that a subject warrants such
treatment. The Annex will be restricted to the persons whose names
appear on the attached list unless the above group, the Assistant to
the President for National Security Affairs, or I explicitly add to
the list for the dissemination of an annex or series of annexes dealing
with a specific subject.

X1   4.   You will also use a ☐ NID Annex to report information
or analysis that is dependent upon either sources or methods that
are, themselves, sensitive in the highest degree. Once APEX is
operational, this most sensitive information will be also protected

25X

Regraded Confidential When
Separated From Attachment

X1
by the ☐ caveat and will be clearly recognizable. For the interim, please consult with ☐ if and when you have a question concerning the utility of a NID Annex for protection of a specific source or method.
